Family Co-op- We want to encourage families to, in the case of a school shut-down, or with virtual learning schedules, to reach out to other families that you know to build a support system with people around you. I.e. Each family taking a day and helping all children in the group to navigate their studies. We know this is not feasible for all, but we are all in this together, and want to help however we can. If you are new in town or to the school, we are happy to help you try to find a group like this if needed.
